

UC SANTA BARBARA

Office of the Chancellor

January 16, 2019

Dear Members of our Campus Community,

We are part of the good news in Santa Barbara County. Through UC Santa Barbara's ongoing support of United Way, we are invested in helping to provide a hopeful future for children, adults, and families in our community.

United Way of Santa Barbara County focuses on improving the health, education, and financial stability of our local friends and neighbors through giving, advocacy, and volunteerism. For over 60 years, UC Santa Barbara has been proud to partner with United Way to raise resources and mobilize volunteers to serve those most at risk.

We ask that you again join us for our annual United Way campaign. The 2019 campaign kicks off January 16 and will run through March 8, continuing our theme of "United for Education." Your contributions will support education enrichment programs, scholarships for students and parents, free children's books, and much more.

Every year, we are inspired by our faculty, staff, students, and alumni who help others in the communities around us. Last year, our campus colleagues raised \$107,407, reflecting an increase in dollars raised as well as in the number of individual donors and new donors.

We hope you will consider participating in this year's campaign. Through giving and volunteering, we can build a better future for our local community. We encourage you to visit UC Santa Barbara's United Way website, attend a campus United Way presentation, or talk with your department's United Way representative to learn more.

For more information, for details on our candy gram sales, or to donate, please visit www.ia.ucsb.edu/uw.

Thank you for your extraordinary compassion, commitment, and generosity.

Sincerely,

Henry T. Yang
Chancellor
